Browning, King & Co.
CARROLL'S NEW COURTHOUSE.
Six Thousand Persons Attend the Corner-Stone Laying.

REPUBLIC SPECIAL.
Carrollton, Mo., June 24.—The corner stone of Carroll County's new fireproof Courthouse was laid in this city to-day in the presence of 8,000 persons. The exercises were held under the auspices of Wakanda Lodge, A. F. & A. M., No. 52, one of the oldest Masonic lodges in Missouri. The lodges of Richmond, Salisbury, Brunswick, Milan and other points participated in the exercises, and several officers of the Grand Lodge were present to assist. Doctor Kuhn of A. K. Kraut, Jr., Colonel L. H. Waters, Kansas; Judge Leroy P. Valliant, St. Louis; S. J. Jones, R. F. Butler, delivered addresses. The new Courthouse to be erected will be located in the center of the public square in this city and will be built of Carroll County stone. It will cost, when completed, \$60,000, and will be ready for occupancy within one year. The building will be 72x100 feet, 46 feet high, with a dome 136 feet above grade line. It is sufficiently large to provide offices for the county officials and will have fireproof vaults connecting with each office. The day was celebrated as a holiday in this city, and the jubilee closed tonight with a grand display of fireworks.

CRUSHED UNDER HEAVY WAGON.
Benjamin Funk, Eleven Years Old, Probably Fatally Injured.

Benjamin Funk, 11 years old, who lives with his parents at No. 812 Bellfontaine avenue, was probably fatally injured by being run over by a wagon of hay at the foot of Ferry street yesterday afternoon. The wagon belonged to Foggate & Kliner, hay and grain dealers, at No. 423 North Broadway.

Young Funk attempted to ride on the wagon, and fell under the wheels. One of them passed over his body, inflicting internal injuries, which are expected to prove fatal.

NEW CLARIFYING SIPHONS IN USE.
Experiments in Settling Water Started at Chain of Rocks Pumping Station.

FILTER BILL BEFORE BOARD.
Special Meeting of Committee on Water Department for Discussion of Commissioner Flad's Plan.

Experiments designed to improve the appearance of water supplied by the city were begun yesterday at the Chain of Rocks station of the Waterworks. Tuesday to-day, but certainly within two or three days results will be noticeable, and city officials who are studying the clear-water problem will have an opportunity to ascertain, by careful and constant observation, to what degree the water can be clarified by settling alone.

Clarification of the public water supply is a subject of paramount interest in the Board of Public Improvements, as it has been for months. Propositious and plans for changing the source of supply have been rejected for many reasons, and, as the board has also decided upon retention of the present Waterworks plant, future work will progress toward ultimate adoption of some method for clarifying water taken from the Mississippi River.

The experiments began yesterday will demonstrate the efficiency of the new settling system, without filtration and without the use of a coagulant. The principle, which the system is founded is not new, will flow through siphons from the first to the third basin at the Chain of Rocks, and the third basin will issue into the Chain of Rocks. Three siphons connect the first and second basins, and three the second and third basins, and three the third basin and the Chain of Rocks. In this manner, it is hoped, no sediment will be taken from the bottom.

There are six basins at this station. Three basins are used as before, so that a comparison can be made between the old method and the new. Into each of these basins the water enters from one side and passes into the conduit on the other side, flowing out at the bottom. The waters will commingle in the conduit and therefore, consumers will be able to observe a change. If all six basins were connected by siphons the change might be noticeable all over the city. Mr. Flad says the settling will have some effect, but he does not anticipate important results. He is convinced that filtration is necessary. The new device, with which the basins will be cleared, will not be ready for use for about three weeks.

BUTLER WAS NOT AT COLUMBIA.
Prosecuting Attorney Murry Denies the Rumor.

Prosecuting Attorney J. H. Murry of Columbia spent yesterday in St. Louis with Circuit Attorney Folk looking over the case of Edward Butler, which came up for trial at Columbia next October. Mr. Murry will assist in the prosecution.

He denied the report that Colonel Butler was in Columbia last week looking over the ground preparatory to the trial. If Mr. Butler had been there, Mr. Murry said, he most assuredly would have heard of it, as a matter of fact, Butler could not have escaped notice. The Butler cases are attracting more attention there, he said, than any matter for trial in the city, and the effort was made to move the State University.

Mr. Folk departed to-night for Kansas City to take part in the taking of depositions in the Robert M. Snyder cases Thursday.

SPRINGFIELD, ILL., MERCHANTS SPEND A DAY SEEING THE SIGHTS OF THE CITY.

GROUP OF SPRINGFIELD, ILL., EXCURSIONISTS.
Reading from left to right: Top row—J. E. Rogers, J. W. Ambruster, Fred Buck and George A. Wood. Bottom row—L. J. Hickox, Charles T. Higginbotham and Doctor R. F. Stanton.

The Merchants' Association of Springfield, Ill., came to St. Louis yesterday on its annual excursion. At the excursionists left the railway and boarded the steamer Hill City, which arrived at the wharf, foot of Locust street, soon after 1 o'clock. There the party divided, many going to the World's Fair site, some visiting the race track, others attending the amateur ball game at the Christian Brothers grounds, while the more intrepid "fans" went to see the professional game. The majority of visitors spent the afternoon calling on friends and "seeing the sights" downtown, and the party finding time to do some shopping.

"There is certainly truth in the old saying of 'luck in odd numbers,'" said President B. A. Lang of the Merchants' Association, in charge of the excursion. "We have spent a most enjoyable day in St. Louis, and were gratified to find our sister city so prosperous and flourishing. You know they say that thirteen is unlucky; well, we had 130 in our party, and have had nothing but good luck."

When asked how many passengers were aboard, the purser of the Hill City gravely replied that there were exactly 129. A steamboatman never acknowledges the "hoodoo" figure.

At the Christian Brothers College grounds the Springfield amateur baseball club met the Eisenstadt club of this city, and while they were defeated, the good humor of the Springfield "rooters" never wavered. A hand played lively airs between innings, and up to the very last the visitors cheered their boys.

R. F. Kinella of Springfield, County Treasurer, umpired the game, which was witnessed by several hundred persons. Among the visitors were B. A. Lang, Frederick Buck, George Conley, W. W. Sweet, C. Zumbach, Henry Dickson and Fred Bengel, all officers of the Merchants' Association; Alderman Thomas White, H. Clay Wilson, candidate for County Judge; James Patton and E. A. Wilson.

The visitors departed over the Chicago and Alton last night.

JUMPED INTO RIVER, CALLED FOR HELP.
Charles Volk Attempted Suicide, but Changed His Mind When He Felt Cold Water.

Charles Volk of No. 144 Monroe street attempted suicide by jumping into the Mississippi River above the Waterworks near Bissell's Point about 9 o'clock yesterday morning, and, but for William S. Davis of No. 168 Old Manchester road, would have been successful. Davis succeeded in pulling Volk to shore, and then notified the police, who forwarded Volk to the City Hospital, where he was placed in the observation ward.

Volk is 24 years old, and until about six months ago had been employed at a copperage establishment near his home. On account of a fight with a foreman he was discharged, and since then has not had regular employment.

Yesterday, while despondent, he walked to the river bank near Bissell's Point and jumped in without removing his clothes. The cold water chilled him and he screamed for help. Davis, who was at work near by, heard the shout, and, running to the bank, seized a piece of cord and threw it to Volk.

Volk's desire to drown was lost, and he eagerly caught the stick and held to it while Davis dragged him to shore by means of a boat hook which he found in a skiff on the bank. Davis summoned Patrolman Hall of the Sixth District, and Volk was taken to the North End Dispensary, where the police stated that he was mentally deranged.

Volk said: "I was tired of living and I wanted to drown, but when I got in the water it was so cold I was glad to seize the stick thrown to me. I have been out of employment for about six months, and I felt despondent and wished to end all my troubles. My mother deserted my father about a year ago, and since then I have had no home life and have felt unhappy most of the time."

STROUP IS ASSISTANT STREET COMMISSIONER
Promotion Approved by Mayor Wells and Appointee Begins Duties July 1.

George B. Stroup, General Superintendent of Streets, was promoted yesterday by Street Commissioner Varrelmann to the office of Assistant Street Commissioner, which was made vacant June 1 by the resignation of W. O. Hemenway. The appointment was approved by Mayor Wells.

Who was yesterday appointed Assistant Street Commissioner.

pointment was approved by Mayor Wells, and Mr. Stroup will begin his duties July 1. After Mr. Hemenway retired it was generally conceded that Mr. Stroup had the best prospects of any candidate to succeed him. Several months ago, when a batch of street reconstruction bills were held up by the House of Delegates, Mr. Stroup carried out the policy of the administration by securing the Street Department employees who owed their positions to recalcitrant delegates. Then men were re-engaged when the trouble was over. Mr. Stroup's action in this emergency, although prompted by orders from an official high in authority, brought him to the attention of the Mayor.

Mr. Stroup was born in St. Louis in 1852, and has resided in this city ever since. He was married twenty-nine years ago to Miss Emma Lindquist. He was for a long time connected with the Keller Mills, and conducted a grocery store at St. Ange avenue and Hickory street.

Mr. Stroup was appointed eight years ago superintendent of the registry division at the Post Office, and was later promoted to take charge of the mailing division. He served seven years in the Post Office and resigned last July at the solicitation of Mr. Varrelmann, to become General Superintendent of Streets.

GEORGE B. STROUP, Assistant Street Commissioner.

MRS. MARIE GAST'S WILL FILED.
Partition Suit Among the Heirs Was Begun Yesterday.

The will of Marie Gast, widow of August Gast, was filed for probate yesterday. She left property at No. 281 St. Vincent avenue, thirty-four shares in the Gast Wine Company and her household goods, to her son, Ferdinand Gast; thirty-three shares each in the Gast Wine Company to her stepdaughters, Marie Heck and Bertha Leber, and ten shares in the same company to her stepson, John Gast. She left \$100 to the Maria Bartle, and \$50 each to the Evangelical Lutheran Orphan Asylum at Des Moines, Mo., and the Evangelical Lutheran Church of the Holy Cross. She left the remainder of her estate to her son, Ferdinand, and her stepdaughters, Marie Heck and Bertha Leber. Her son, Ferdinand, is named as executor.

He began an amicable suit in the Circuit Court yesterday against Marie Heck and Bertha Leber, who are claiming that they are the heirs of her father by his first marriage. The suit was filed by the attorney left by her father's partner.

MULLANPHY BANK LITIGATION.
Referee in Suit Against Directors Recommends Judgment.

Former Judge James B. Withrow recommended in his report filed yesterday in Judge Fisher's division of the Circuit Court his referee in the suit of Frederick Harbig against the directors of the Mullanphy Savings bank, to recover judgment for money deposited in bank shortly before it failed, that judgment be given in favor of the defendants.

The defendants are: John H. Rottmann, Henry Kinnes, L. C. Kammerer, Frederick S. Bohle, Casper Gierling, John Marks, George K. Gieseler, Charles G. Gieseler, and John G. Brinkmeyer. Harbig sued for \$10,000, the amount remaining after deducting the dividends paid him by former Governor William J. Stone, receiver of the bank.

The referee stated that he was satisfied from the evidence that the defendants were not liable for the loss of the money deposited in the bank when the deposits in question were made were greater than its liabilities.

Washington, Mo., and Return Only \$1.
Sunday, June 23, 1902, via Missouri Pacific Railway. Train leaves Union Station 9 a. m. Griffin excursion.

FREDERICK THIES DISCHARGED.
Was Accused of Inciting Strikers to Violence.

Frederick Thies was discharged in the Dayton Street Police Court yesterday where he had been called to trial on a charge of disturbing the peace, preferred by the management of the St. Louis Car Works in Baden. Thies, who is a walking delegate for the Metal Workers' Union, had been charged with inciting strikers, advocated the use of violence, and was held for \$500 bail. The meeting was held about 500 feet from the car works in what is known as "Chickamauga Park."

Thies stated that his remarks were the property of what was charged. He said he told the men to refrain from violence and to keep sober. He was corroborated by the men who attended the meeting. When he was discharged the metal workers and their friends began to applaud, but were quickly silenced by Judge Tracy.

GREEK EASTER CELEBRATION.
Lamb Barbecue at Jannopolia Home in Webster.

The Greek custom of roasting a lamb at Easter is being observed Sunday at the country home in Webster of Mr. Demetrius Jannopolia, Greek Consul and Greek Commissioner to the World's Fair.

The feast was held at the home of the consul, and the festival here had to be postponed until the climate allowed an outdoor dinner. The lamb was barbecued at one side of a bed of hot coals on the ground, being placed on a spit and turned frequently. The ladies were in Greek costumes, and the conversation was reminiscences of Greece. An elaborate dinner was followed by singing of Greek songs. Mr. Jannopolia's residence is unique, being built in the form of a Greek cross, the center of which forms a delightful fully cool hall, open to the dome. The extensive grounds are noted for their beauty, having many choice varieties of shrub and trees. Some of those who enjoyed the barbecue were Mrs. John Jannopolia, Mr. and Mrs. Demetrius Jannopolia, Mrs. Martin Misses Penelope and Eudjyde Phampholia, Professor Wallace Wood of New York University, and Mr. Fetus of St. Louis.

FLIGHT OF HOMING PIGEONS.
Birds Liberated at Warrensburg Reached Cincinnati in 13 Hours.

REPUBLIC SPECIAL.
Warrensburg, Mo., June 24.—Forty-five homing pigeons belonging to Cincinnati parties were released here Saturday morning at 4:30 a. m. by Express Agent E. T. Pennington. After circling for twenty minutes the pigeons darted east. Seventeen are reported to have arrived at Cincinnati at 5:30 p. m. the same day, while the remainder did not reach there until the next day. The distance, 520 miles, was covered at the rate of 1,600 yards per minute.

New Postmaster at Steelville.
Ava, Ill., June 24.—The Postmaster at Steelville, J. H. Jenkins, has been displaced by Norman A. Jay. The contest has been long and bitter. Jenkins is an old soldier.
